Re: Daily COVID Update -

We are so happy to report that west side residents are off quarantine! Many of them are already out in the garden enjoying this beautiful weather. They will be able to dine together this evening as well.

We did have one staff test positive today, but thankfully that staff person had not worked for several days, so it did not affect our ability to release the quarantine.

West side residents may now have visitors. Visits for all resident in the Manor and Terrace must be scheduled by calling 815-734-4103 (Manor) or 815-734-1747 (Terrace).
