Re: Daily COVID Update -

Pinecrest now has a total of seven residents in Pinecrest Manor with confirmed COVID and twelve staff with confirmed COVID. We have three residents who are considered persons under investigation (PUI).

The PUIs tested negative for COVID but have some symptoms. We have conducted PCR tests and sent those to the lab for the PUIs.

Pinecrest is using the following testing plan until we have 14 days with no new positive cases among residents and staff:

Pinecrest Terrace residents will be tested on Mondays and Thursdays.

Pinecrest Manor residents will be tested on Tuesdays and Thursdays.

Staff are required to test two times per week. Staff testing is being done on Mondays, Tuesdays, Thursdays and Fridays.

We are happy to report that Terrace residents were tested today and we continue to have no positives in Pinecrest Terrace.

We appreciate your prayers for our residents and staff and thank you for your continued support.
