Re: Daily COVID Update -

Unfortunately during routine staff testing today, a staff member tested positive for COVID. Due to this positive result, we will be testing all Manor and Terrace residents on Tuesday and Friday of this week. All staff will continue to be tested two times per week.

Several of our residents who had tested positive for COVID have completed their quarantine and have been able to return to their original rooms. At this time we have four residents remaining on the COVID unit and we expect that they will all be able to return to their rooms by March 20. Prior to moving from the COVID unit, residents are tested and must test negative for viral load using the rapid test.  
Thank you for your prayers on behalf of our residents and staff.
