Update 8/7/20

Dear resident/resident representative/community member,

I'm writing to share that we have received an additional positive COVID-19 test result. A contracted employee who works in both the Grove Community Center building and the Manor received a positive test result today. I spoke with the Ogle County Health Department this afternoon, and the OCHD representative believes this presents very little/no risk to Pincrest residents, staff and the general public. The last occasion this contracted staff member was in the Pincrest Community was July 31 and the individual became symptomatic on August 3. OCHD would not have considered the individual infectious on July 31. However, we are reporting all new positive cases to our residents, their families and staff as required by the Illinois Department of Public Health.

Pincrest will continue to provide test results in a weekly update that is posted on Pincrest's website at <https://www.pincrestcommunity.org/Pincrest-Information/COVID-19-pandemic-information> . New updates will also be referenced on the Pincrest Community Facebook page with a link to the update. If additional positive test results are received, that information will be posted within 24 hours of receiving the results. If you are unable to access our website, please notify us at 815-734-4103 and we will mail you the updates.

If you have any questions about the information in this letter, please do not hesitate to call or email me at [flabash@pincrestcommunity.org](mailto:flabash@pincrestcommunity.org) . You may also contact Jolene LeClere, Administrator of Health Services, at 815-734-4103 or email [jleclere@pincrestcommunity.org](mailto:jleclere@pincrestcommunity.org).

Thank you for your continued support and prayers for the safety of our residents and staff. Together we are stronger!

Sincerely,

Ferol J. Labash  
Chief Executive Officer
