RE: Additional positive COVID test results received for Pinecrest †

Dear Pinecrest Village resident/resident representative,

Today, Pinecrest nursing staff conducted COVID testing of Pinecrest † s the receipt of positive tests of a Village employee and a Village resident. Thankfully, today's testing has resulted in **no** further positive tests among the rest of Village residents.

The Ogle County Heath Department administrator has directed the following:

- **All** Pinecrest Village residents should remain in their apartments until at least the morning of Wednesday, December 16.
- All Pinecrest Village residents (except those who have had COVID within the last 90 days) will be tested for COVID using the rapid test on Friday, December 11 and Tuesday, December 15. If we have no new positive test results, we will be permitted to remove the restriction requiring residents to remain in their apartments.
- Visits to Pinecrest Village continue to be suspended indefinitely (caregivers providing medically necessary assistance will be allowed in to the building and should wear full PPE during their visit).
- Meal services will continue to be contactless. Meals will be delivered by dining services to a tray outside of your apartment. Dining services will knock to let you know the meal has been delivered.
- Housekeeping services will not be resumed during the quarantine period.
- Residents should not use the laundry facilities until at least Wednesday, December 16. This may be extended if additional positive test results are received.
- **If you have a medical emergency, dial 911. If you pull the call cord in your apartment, nursing staff has been instructed to call 911.**

If you develop any symptoms of COVID-19, please call the Pinecrest Community main number 815-734-4103 and we will make arrangements to conduct a rapid COVID test at the first availability of the Pinecrest Village CNA.

We will provide written updates to you via our Facebook page as well as the website at:
